## How to Begin A Simpler Life

(Continued from page 15)

simple life, to dedevelopment and re-development, to frugality and austerity for the sake of the groaning planet and her starving millions, is beginning to move across the church.

Find your own paths toward simplified living; there are plenty to walk. To become a more responsible steward amid finite and shrinking resources, to learn that small is beautiful, to have joy in simple things, to discover that less is better when it provides more for the needy—these can be some of the rewards of a simplified journey thru 1976. ✚

## Isn't Christmas A Strange Celebration

(Continued from page 25)

Lord who says, "All authority in heaven and on earth is given unto me" will agonize over the multitudes who really worship the power and glory of the things our society produces while ostensibly celebrating in the name of Jesus.

When you stop to think about it, isn't Christmas a strange celebration? ✚
